Nevada City Nugget

VOLUME III, NUMBER 49 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER OCTOBER 21, 1929

SCOTIA PROPERTY IS PURCHASED BY CONDON

By the terms of an instrument recorded the past week with County Recorder Sam J. Clark, the interests of the Scotia Gold Mining Company in this county are sold outright to W. J. Condon. The deed is signed by Percy S. Mallett as surviving trustee of the company.

The property consists of 14.36 acres of patented ground, known as Lot 64 Mineral Entry No. 605.

A shaft was sunk on a small vein outcropping on the surface to a depth of 300 feet. The property is adjacent to the Boundary mine and can be worked advantageously from the Boundary shaft.

CASCADE PROPERTY IS LOOKED OVER WOODRUM

Donald Woodrum ,managing director of the Cascade Milling and Development Company, operating the Gracey mines group east of town, was up on an inspection trip to the property Friday in company with Superintendent R. N. McCormack. The sinking of the shaft having been completed to the 400 level and the station, work has been heid up pending company plans for future operations. The pumps are being kept going to keep the mine free from water.

MINING PERSONALS

D. Woodrum, who holds interests in the Gracey mine, made a tour of inspection of the property a few days ago.

John C. Donnelly and son, Charles, of San Francisco passed thru town the latter part of the week enroute to Goodyears Bar where they have mining property.

Mr. and Mrs. P. M. Toleman came over from the Grizzly Ridge mine during the week to attend to business affairs.

Ben F. Ballard and O. Opland, of Santa Rose, passed through enroute to the Brush Creek mine in which they are interested.

Ross F. Taylor, mining engineer of Downieville was attending to business affairs here during the week.

Albert Keller, associated with the Yellow Metal mining company, near Bowman's dam, is spending a few days in Grass Valley.

F. M. Merrilees, operator of the Yellow Metal mine, near Bowman dam, was a recent Nevada City visitor. He was accompanied by A. D. Keller who has large interests in the property.

REGRET EXPRESSED AT CHAPEL RESIGNATION

(By the Publisher)

There has been widespread regret expressed at the resignation of E. O. Chapel as secretary of the Grass Valley Chamber of Commerce and it would be a calamity to accept the resignation as the fine work which has been accomplished by the Grass Valley civic body during Rev. Chapel's incumbency is something that any community could be proud of. Working on extremely limited funds the past year or so due to the activities of many of the members in service clubs and other civic organizations, Rev. Chapel has carried on in the face of what would have deterred less heroic hearts. It is sincerely to be hoped that the Chamber members will unanimously refuse to consider his resignation. Grass Valley should get behind his excellent work much stronger and make the Grass Valley Chamber of Commerce one of the strongest civic organizations than any community of like size could boast. It takes a local organization to put over local projects.

H. S. Tibbey, former publisher of the Mountain Messenger, of Downieville, visited in Nevada City last week.

Thomas J. Phelan of Shady Creek was a recent Nevada City visitor.

MEADOW LAKE ORE IS SHOWN NUGGET OFFICE

A fine piece of typical Meadow Lake district ore is now on display in The Nugget windows and has been attracting much favorable attention. It is from the Great Eastern property owned by Clyde Cook and Glenn Bratsberg and is taken from a shallow working at 25 foot depth. Ot the point where the specimen was taken the ledge is 10 feet wide with neither wall showing. Cook stated that his father had taken out $1400 out of the strike.

The ore is heavily mineralized and shows a lot of iron in it which has made it difficult to mill in previous years but it is expected with the advanred methods in metallurgy that it can be readily handled and with the large ore bodies known to exist in that district there are good prospects that the district will once more come into its own and show much of its early day activity when Meadow Lake was a thriving community.

CITY TRUSTEES WANT ACTION ON ORDINANCE

Belated enforcement of the traffic ordinance was taken up by the city trustees at their regular meeting on Thursday night, and it is possible that teeth will yet be put into the ordinance which was enacted a number of moons ago.

City chief of police Shearer who has more jobs to look after than a cat has lives will be relieved of the job of superintendent of streets which has been assigned to Lloyd Jennings and hereafter the chief will patrol the city streets to see that motorists pay a little more attention to the provisions of the ordinance. This may be rather hard on the motorists who have been using Broad street for a place to back around in instead of driving around the block, not stopping at the boulevard signs, and parking outside the marked places but it is hoped that some good will come of the move. The traffic court which has been costing the city twelve and a half simos per month and which has had quite a deserted look may perk up after all and take on a new lease of life, if the new movement doesn't die aborning.

The bids for painting the Pine street bridge will be opened in a special meeting tomorrow night. The previous contract let was ruled illegal by City Attorney Nilon and it was necessary to cancel the contract let to the Stockton man.

Trustee Wade Armstrong was given a three month's leave of absence from the city, he leaving to spend the winter in Honolulu.

The water bill presented by the irrigation district for September was $545.60. Commissions on collection of taxes amounted to $450.31.

A bill for $240. worth of fire hose was ordered paid. The balance of the disbursements covered the regular salaries and labor and supply bills.

WORK AT WHITE BEAR

Development work is being continued at the White Bear property in the Monte Christo district north of Downieville. A drift is being run to tap the old river channel. John Costa is the owner, and is having the work done.

Mrs. E. Seabury of Sacramento was up to spend the week end with her daughter, Mrs. H. M. Curnow of Grass Valley.

Ellsworth Colley, orchardist of Tudor, is visiting with his father. J. F. Colley.

Thomas Jenkins of Sacramento visited with friends in Nevada City. He is a former resident.

Mrs. Edith Carr, a former resident, accompanied her father, Alex Durbin to Nevada City. He has been spending some time in Sacramento.

Mr. and Mrs. Frank Wood and little son of Sweetland visited in Nevada City last week.

Congressman and Mrs. Harry L. Englebright have returned from a trip to the northern part of Englebright's district.

John F. Owens and Walter Evans of Forest visited in this city.

HEADFRAME AT IDAHO IS BEING BUILT PRESENT

Underground work at the Idaho Maryland mine has been discontinued for the coming month to permit of extensive rebuilding of the massive headframe at the plant which has been in need of refurbishing It is expected that the present 20 stamp mill will be considerably enlarged to accomodate the increased production schedule to go into effect this winter.

Last year the shaft collar was concreted and extensive retimbering of the main shaft was carried out and with the present work complete the Idaho can go ahead with unrestricted production as a large tonnage of ore has been blocked out which will insure profitable operations for this famous old producer.

The pumps will be kept at work underground and the timbermen and pumpmen will have to use the ladderways for their trips to the 1000 level. Below the 1000 the old Canyon shaft will be available to the 2000 level.

The large development work which has been carried out in opening up the notable strike on the 1900 level has disclosed an immense tonnage of ore that is virgin to the surface. This with other strikes assures the Idaho another era which should be comparable if not excelling the halcyon days when it paid over seven million in dividends on a production of around twenty eight millions of dollars.

Errol MacBoyle is general manager. Bert Crase is superintendent and has charge of the rebuilding.

LIONS CONVENTION IS COMING NEVADA COUNTY

The county delegation to the district meeting of the Lions Clubs at Woodland Friday succeeded in landing the April meeting for Grass Valley aftre a spirited presentation of the claims of this section for preferment. R. F. Werner and Andrew Larsen represented the local club while President Eben K. Smart, H. W. Westbrook, Robert Ingram, William Thomas, Alvon Jones and Jack Stennett attended from Grass Valley.

The Placerville club assisted in landing the meeting in neighborly fashion. Berkeley which was contending for the meeting withdrew in favor of Nevada county and the selection was unanimously made.

George R. Carter has been elected president o fthe Nevada City Club and Ainslie M. Holes, 1st vice president. A. A. Willoughby was elected second vice president.

WORK STOPS TELEGRAPH

Work at the Telegraph mine near Downieville has been closed down owing to shortage of water for the electric generator. Henry and Ed Appoloni and H. S. Tibbey are the owners of the property. Work will be resumed in the spring. Development consists of running a drift to tap the ledge exposed in the upper workings.

T. J. BROWN PASSES

Thomas J. Brown, a native of this community, and who left here a quarter of a century ago and settled at French Gulch in Shasta counte where he engaged in mining, passed away last week. Among his relatives left are Charles Gaus of North Bloomfield, M. E. Whittum of Camptonville and Rose Young of Nevada City.

Mr. and Mrs. W. S. Coughlan had as guests their daughter and husband, Mr. and Mrs. George Soughian of Auburn.

M. J. and James P. Coughlan of North Columbia were business visitors in Nevada City the latter part of theweek.

Mrs. Henry Huckins of North San Juan was a recent Nevada City visitor.

Mrs. P. L. MarNaught and Mrs. Seymour Smith of Sleighville House were Nevada City visitors Friday.

Judge George L. Jones attended the Masonci Grand Lodge session in Los Angeles.

DINNER MEETING PROVED HAPPY PROMOTING IDEA

A largely attended meeting of the Nevada County Promotion Board was staged at the National Hotel Saturday evening. A banquet was enjoyed by all those present.

A number of speeches were made, particularly bearing on the proposed motor tours by the Southern Pacific Company the coming year, by detraining tourists at Truckee and bringing them over the Yuba Pass and the Downieville Highway to Nevada City and Grass Valley by motor bus. A number of Southern Pacific officials were present for the occasion.

Former Congressman Joseph R. Knowland, owner of the Oakland Tribune was one of the distinguished visitors present and was warmly received.

Another line of thought brought out was by Curator Hans C. Petersen of Fort Sutter Museum in preserving to future generations the many historical spots in Nevada County through possible state cooperation. The fine work played by the Native Sons in this regard in the Donner Lake area came in for commendation.

The dedication of the quartz gold marker at Gold Hill yesterday tied in nicely with the dinner meeting and many of those at the dinner remained overnight for the dedication.

President H. W. Robinson of the Promotion Board presided at the meeting in his customary polished manner.

DIDN'T LIKE THE IDEA

A contributor to the Morning Union deprecates the idea of holding a teachers' institute in this county and held that the teachers should have been compelled to have gone to Sacramento for the meeting, at considerable expense.

It is doubtful if the trip to Sacramento would have accomplished any more than the session which had been planned by County Superintendent Ella M. Austin. She had arranged a splendid program in which the state superintendent of public instruction was to have been one of the speakers. It happens, so it is reported, that it was Grass Valley influence which caused the postponement from next week, alleging that our small epidemic of sickness would cause grave menace to the Grass Valley teachers. It is also to be presumed that the decision to meet in Nevada City may have been inspiring for the literary contribution.

It is understood that only two high school teachers in the county are members of the California Teachers Association which sponsored the Sacramento meeting so that doubtless not many of the high school teachers at least would have been specially interested in going to Sacramento. Eleven counties in Northern California are holding their own institutes including Sierra county.

MRS. ATHERTON LORD CROSSES THE DIVIDE

Mrs. Atherton S. Lord, one of Nevada City's well loved women, passed to her eternal reward yesterday afternoon after a lisgering illness. Funeral services will be conducted from the Holmes Funeral Home tomorrow Tuesday morning at 11 o'clock.

She was a ntive of Scotland and born May 28, 1862. She had been a resident of Nevada City since 1884. Surviving are the sorrowing husband who has given his loved wife every care and attention, and a son, Hartley residing in Oakland.

Deceased was a devoted member of Trinity Episcopal church and was a member of its choir for a long time.

The family has been one of the community's most highly respected ones and universal sorrow is being expressed at the passing of this woman of such admirable character.

Mr. and Mrs. B. J. Arnhart of Sacramento visited a few days in this section, it being his old home.

RAPID PROGRESS BEING MADE IN HOGE SHAFT

Sinking of the new three compartment shaft at the Hoge property north of town is making rapid progress under the contracting method followed. The footage is averaging five feet per day with excellent formation being encountered. The Hoge Development Company is proceeding in a thoroly business like manned in its development program throughout and expects to conduct its development for six to nine months longer before making any plans for milling equipment although fine orebodies have been already opened up at shallow depth carrying excellent milling values.

ACLARE MINE HOLDINGS FOREST, SHOW PROMISE

One of the promising quartz properties of the Forest district is the seven claim group held and operated by the California Aclare Mining Company, a Nevada Corporation with its main offices at Reno. The property is located about two miles west of Forest and near the Kate Hardy and Brush Creek properties.

Considerable shallow development work has been done the past two years and the existence and location of ledges carrying good milling ore have been determined. Workings on the Tomboy Nos. 1 and 2, Sureka No. 2 and Eureka extension have opened up considerable ore bodies showing value running around $10 per ton. Tunnels and shafts have been run at varying levels to tap the ore bodies and at one point in the tunnel on the Eureka No. 1 225 pounds of samples taken at four points on a mill test showed values of nearly $350 per ton.

R. D. Dorris is president and general manager.

COURT CALENDAR

Estate of Emil Flabani, deceased—decree due notice to creditors; final account settled and distribution granted.

C. H. Green and Elizabeth Mounday vs. Grass Valley Gold Mines—actions dismissed.

Estate of George W. Downey, deceased—hearing petition to set aside estate continued to November 1st.

Estate of Charles W. Odgers, deceased—petition for probate of will continued to November 1st.

Calanan et al vs. California Air Construction Co.—set for trial November 18th.

Marsh vs. California Air Construction Co.—set for trial November 19th.

Estate of John B. Stennett, deceased—will admitted to probate.

Estate of Robert Lucas, deceased—order granting administrator permission to execute deed.

Guardianship of Hill Minors—order settling account of guardian.

Estate of James W. Lewis, deceased—odrer settling final account; distribution granted.

Estate of George L. Odgers, deceased—order appointing Jennie L. Odgers, administratrix.

Estate of Otilda Von Fluee and Richard F. Williamson, deceased—final accounts settled and distribution granted.

Bernard Cooper vs. M. S. Rutherford— demurrers submitted on briefs.

Harry B. Cox vs. Frank E. Bradley—judgment for plaintiff.

Gordon Wood vs. Ralph Carpenter—motion to dismiss action denied.

Estate of John C. Hussey, deceased—final discharge of administrator.

Estates of John Icard, Charlie Leroy, deceased—decrees due notice to creditors.

James Penrose accompanied by his parents, Mr. and Mrs. Tom Penrose have gone to Woodland to visit with their son, Fred.

M. J. O'Connor and sister, Miss Kate, of Birchville were in Nevada City during last week. She left for San Francisco asd will attend her nieces wedding.

Read The Nugget mining news.

MINING SURVEY SHOWS ACTIVITY IS ON INCREASE

A survey of the mining situation in th ecounty at the present time shows the industry to be forging ahead. Not many new enerprises have gotten under way the past few weeks but the various properties being operated are continuing in good shape in both development work and millisg operations.

The early completiono f the power line from Alleghany to the Spanish group will do a great deal toward rehabilitation of the East Belt mines. The work has been moving slowly in getting the line installed, but the brushing has been completed and the poles distributed for most of thedista nce. Dugging of the holes is progressing and unless storms interfere the next few weeks should see the work well toward completion. Lack of sufficient water to operate the power plant continuously has been hampering operations at the Twin Sister property but it is expected that the power line to the proprty will soon be installd.

While operations at the Idaho have been curtailed to permit the rebuilding of the headframe, following a month's cessation operations on a greatly increased scale will result in milling and underground operations. Work has been prosecuted os the 1000 level with the idea of cosnecting with the underground workings at the Brunswick which will be the scene of future large time operations of the company.

Plans are progressing for increased activities at theP ioneer poperty on the Mitchell tract with the location of important ore bodies. A new shaft and increased pumping facilities are for early consideration.

Driving of the drift to tap a large ledge is progressing steadily at the Bahls property west of town. Gravel is also being sought.

Operations continue nicely at the Murchie property. Superintendent O. A. McCraney is much encouraged with the looks of the underground workings and is planning a systematic development on the 1150 level as well as sinking to greater depth. A crew of 76 men is employed. The oil flotation process is proving quite successful in handling the the ore in the mill and is creating a great deal of interest in the district.

It is unfortunate that the Neocene interests were unable to agree on a plan of procedure in connection with the operation of the property at Cement Hill. It is rumored that one of two stockholders have been responsible for the debacle so far and until this condition is rectified not much can be accomplished. The development work to date has disclosed a large body of gravel carrying high values in the concentrates with at least a year's supply for a mill blocked out. Litigation and monkeying stockholders have ruined many promising properties.

William Groh of Downieville is spending some time with Mr. and Mrs. Pollard east of Nevada City on the Tahoe Ukiah highway.

Ditrict Attorney and Mrs. W. E. Wright are home from a visit in Modesto. Their daughter, Eugenie, student at Munsons' in Berkeley also spent the time with them.

Mr. and Mrs. George A. Nihell had as recent guests, William Davis, Mrs. Gladys, George Butler and Franklin Butler all of Vallejo.

Wade Armstrong has left for a trip to Honolulu where he will join his wife, who has been there for some time.

Mr. and Mrs. J. S. Corey are home from Los Angeles. He attended Masonic Grand Lodge as master from Madison lodge No. 23, F. and A. M.

Mr. and Mrs. A. H. Mooser closed their summer home at Lake Tahoe. Mr. and Mrs. J. F. O'Connor accompanied them home. Mr. O'Conor had been doing engineering work.

Ignition Parts and Accesories at Miner's Foundry. 24tf

FRENCH CORRAL ITEMS

FRENCH CORRAL, Oct. 19. Still praying for that long needed rain. The weather is so tantalizing too. Gets ready, all but the downpour. The clouds pass by and leave us nothing. This situation means serious financial loss to those who are in the dairy business.

We learn that the water supply in the San Juan restrvoirs has been exhausted during the past week. Too bad, too bod that our very honesty should bring about these sad conditions. A few years ago when we protested against the diversion of the head waters, this assurance from the head management of the N. I. D. silenced our protestations. "Have no fear, The San Juan Ridge will always be taken care of. You will always have plenty of water". Relying on this promise, some of the protestations were silenced, for we would not put a straw in the way of anything that was for the progress and betterment of our beloved Nevada county. Look at us today— Too bad!

Miss Frances Moulton came from Sacramento Friday to spend the week end at home. As relatives were visitors, a splendid birthday dinner was enjoyed by all. We forgot to count the candles on the birthday cake. Accompanied by her mother and father and Aunt Laura Wetzel, she returned to Sacramento Sunday eve.

Mr. O'Conner of Birchville went to Pleasant Valley Friday afternoon to bring his sister, Miss Theresa, home for the week's end.

Mrs. Theo. Wetzel and sons, Teddy and Parker, of San Francisco, came Saturday to visit the family of her brother, W. E. Moulton.

W. E. Moulton made his usual business trip to Marysville Saturday

W. E. Moulton and his sister, Mrs. Wetzel, and sons, Ted and Parker, made a trip to Forest City Sunday to visit their brother, John B. Moulton. We were sorry to learn that John is in very poor health. All of these people are old French Corralites. Mrs. Wetzel and sons returned to San Francisco Monday.

Clarence Hoffman and son, Cecil, were Sunday visitors from Sacramento. They came to enjoy the pleasure of a deer hunt. Were not lucky.

Stanley Housel and W. Cornelius were in this vicinity Sunday for a deer hunt.

Mr. and Mrs. F. S Wood and little son, Carl, were Sunday visitors.

Quite a delegation of children went to Grass Valley Tuesday to attend Shell's Circus. Dean and Richard McMinn, Clyde, Will, David, and Irene Browning were in the party. Of course all enjoyed the circus as it was the first they had ever seen. Albert Moynier was also of the party.

Mrs. K. Sullivan and Miss Nelly Sullivan visited friends in Grass Valley and Nevada City Tuesday, Wednesday and Thursday. They returned to their home in French Corral Thursday evening.

Mr. and Mrs. F. S. Wood and son, Carl, were Thursday visitors in French Corral.

W. E. Moulton made a trip to Sacramento Thursday.

W. Gordon had business in Marysville Thurssay.

Cattle are moving from the mountains. A large drove owned by Staples cameth rough Wednesday. A large drove belonging to Owens came Thursday.

Miss Millie Clerkin was a visitor Wednesday.

J. W. Culvtr is putting a new roof on his hotel .R. McNamara of Tyler is helping him.

Mr. and Mrs. R. McNamara are spending the week with the family of J. W. Culver.

GIRLS ATTEND MEETING

A few girls of the Girls' Association attended the meeting of the Women's Improvement Club, held on Monday, October 14. The main topic of the evening was girls' lockers. Through the wonderful help and cooperation of the members of the club it is hoped that the girls will soon have their much-needed lockers for their gymnasium clothes.

The girls realize what a benefit this will be and certainly admire the attitude shown toward the high school girls by the club. They are willing to assist in any way possible to show their sincere appreciation to the members of the Women's Improvement Club.

PHYSICAL EDUCATION

The boys of the Physical Education department, under the supervision of Coach C. E. Pedersen, worked Monday afternoon at the Red Men's Hall to prepare the place for basketball practice, which will be be held three times a week, Monday, Wednesday and Friday, during the physical education period.

STUDY SCHEDULE

Wednesday the seventh hour following the talk by Mr. C. E. Pedersen on "How to Study", the classes went to their class advisors' rooms and made out programs showing what they did from the time when they arose in the morning until they went to bed.

The students took these programs home to be approved and signed by their parents, and brought them back the next morning.

It is expected that the students will follow these schedules, and that it will help them in planning their work.

JUNIOR MEETING

On Wednesday, October 16, a Junior meeting was held in Mrs. Hulen's room for the purpose of makin gfurther plans for the Junior program, which will be held next month, no definite date has yet been decided upon.

The poblem of class dues was discussed and the Juniors were urged to pay up.

EDISON WEEK PROGRAM

On Friday afternoon, October 18, a program was held in honor of Edison. Mr. C. E. Pedersen took charge. The Girls' Glee Club contributed by singing songs fitting to the occasioi. A playlet was given in which Betay Bettles, Bob Tucker, and Harry Davey told of the life of Edison. The exercises were concluded by a speech by Gertrude Marriott on "What Edison Has Contributed to The World".

Judge Peter J. Shields of the Sacramento Superior Court came here Friday to preside in the superior court.

Mr. and Mrs. Frank J. Brophy of Berkeley spent some time visiting his mother at North Columbia.

Lloyd Penrose, who is attending the California School of Ara, in San Francisco, visited over the week end with his prents, Mr. nd Mrs. James Penrose.

Miss Alma Eastin of San Francisco and Mrs. E. L. Swift of Oakland are here visiting. They are former residents.

Carroll Coughlan, St. Mary's College student, of Oakland visited a short time in Nevada City.

BOYS' ASSOCIATION

By Walter Huson

Why not have a Boys' Association? In the past years little cooperation has existed among the boys in regard to a "common boys' purpose". At one time or another each individual boy student of the Nevada City High School has put forth an effort to gain a higher standard of cooperation or boosting spirit. There has been success to a certain extent in that there have been formed the student body and various class organizations, as well as the Girls' Association. But the boys have never taken steps in this direction. Such an association would bring about a better year's program for the school. Sports would be greatly benefitted. Money could be raised to be used for improvements in the physical education department. Through such an organization there would be much benefit to the school.

The Seniors of the school this year are planning an original program for the year and the organization of a boys' association would be an original undertaking. The bringing about of this organization by the Seniors would mean a great deal for the yearly program. The association, led by the Seniors, would be sure to be a success.

The boys of the school should think this over, talk about it among themselves, and see if not such a thing is possible.

REPORT CARDS GIVEN

By Adelaide Veale

"Even the weariest river winds somewhere safe to sea," and now that the first report card period is up, most of the pupils of the Nevada City High School are undoubtedly drawing a great sigh of relief.

Experiences that could hardly be crowded into a lifetime have been figuratively crowded into a few short weeks. Heart breaking failures, narrow escpaes, well earned rewards — all of the have taken their places in orderly rows on a certain white square of cardboard, where they will remain, either at the blot on the escutcheon or the reward of merit, "A's" and "B's", "C's", "D's", and "E's", with the last two as rather unwelcome guests. Unwelcome guests, but of the kind that we hope will leave swiftly as the vacation time sloth wears off.

The pupils have done well this time, and there is no doubt that they will improve during the next six weeks, but speaking for the present, and in the vernacular of the Nevada City High School students, "We're sure glad it's over".

BASKETBALL

By Vernon Gleason

This is destined to be a great basketball season. All students are going to do their part in gaining this end. Every student in Nevada City High School is waiting for the opening game at Redmen's Hall.

Everybody enjoys some good clean sport. As basketball is the only major sport of our school, let us all turn out to the games and conduct ourselves as ladies and gentlemen

On account of the poor hospitality shown by some of the town people toward the opposing rooters and players Nevada City High School has been placed on the black list.

The high school is the pride of our community, so help the students in their aim in making a good clean record for Nevada City. Let us turn over a new leaf and keep our future slate clean.

THE FIRE FIEND

By Vivian Cerro

Fire, the hot fury of hell,
Breathes his heated breath over the trees,
And sneers a laugh which one could tell
Meant disaster and ruin riding the breeze.

He stretches forth his ruddy fingers
And deftly touches here and there.
In each little valley he lingers,
Spreading ruin and sad care.

What cares he for each stately pine,
The petals of each soft flower?
He cares not for any kind,
But destroys them hour by hour.

The roar of his horrible death-dirge
Can be heard far and near.
The tongue of each of his fingers urge
The animals to tremble in fear.

Thru the valley, over the hills,
He marches great and god-like.
The animals, trees ,and flowers he kills,
On thru the day—on thru the night.

He scowls at men's puny effort;
He dances before their faces.
To ghastlier deeds he does retort,
And dashes along at terrible paces.

Where once man's soul came to the surface
And he silently sang to God,
Here and there and every place
Death stalks silently on the sod.

Black horrible shapes,
The stumps of the once graceful trees,
Stand silent and forlorn.

But look! What is that we see?—
A ghastly, sad, group of woe!
Our tears flow unheeded and free
For there is the faun curled close to the doe.

Their only shroud is the open sky,
Their only grave, the burnt ground
Their only companion the burnt hares
That lie on the ground all around.

Ah! Yes! Great Fire God, you've done your deed,
You've wreaked your havoc and woe.
You've burned and killed our only prize—
The hare, the faun, the doe.

Ah! Yes! Great Fire God, you've felled our trees,
You've taken away our worshipping place
And what have you given us?—
Nothing but ungodlike despairing waste!

Vivian Cerro.

MR PEDERSEN GIVES TALK

On Wednesday morning, October 16, an assembly was held. After a few brief announcements, Mr. Wilson turned the meeting over to Mr. Pedersen who gave an interesting speech on "How to Study". He engaged the undivided attention of all the students.

The speech should make a great impression on some students because it is not a few who are deeply concerned with that great problem of "better grades". Let's show Mr. Pedersen that all his efforts are not in vain, and that the clew he gave us in his speech was not so small that we cannot detect that all-important treasure of "good marks". What say, students, let's give Mr. Pedersen and the other teachers a little surprise! Can we?

OUR ATHLETIC SITUATION

By Vernon Sandow

The Students and Faculty of the Nevada City High School for the last two years have been handicapped by the expulsion of our school from the Basketball League.

The members of the school have traveled all over the state trying to get the officials to lift the ban, but have been turned down. The only cure that we can see is to have officers and special men take care of the persons that make disturbances.

Ed Carey, who had an arm fractured at the Gaston mine a few months ago is having his arm examined in Sacramento by a specialist.

Read The Nugget mining news.

SENIOR MEETING

The Seniors held a meeting on October 16. The meeting was held for the purpose of electing two members to act on the executive committee. Miss Nadine Sutton and Milton Masters were elected. Some plans which were discussed during the meeting were the year's program and the advisability of editing a Quill. As there was no other business, the meeting was adjourned.

Walter Hegarty, who was critically ill from a recent operation at the Nevada City Sanitarium, is slowly recovering.

County Auditor and Mrs. H. C. Schroeder are home from several week's visit in Oakland.

SOPHOMORES' PENNANT

At the last meeting of the Studnt Body, Sept. 27, 1929, after the speeches and nominations for officers were finished, Bob Polglase in behalf of the Student Body presented the Sophomore Class with a large purple and gold pennant in honor of the untiring efforts of the class to win the Freshman-Sophomore Brawl. Mr. Wilson had it placed in the study hall where all might view it.

Miss Beatrice Leong, daughter of Mr. and Mrs. Eddy Leong was operated on Saturday for removal of fluid from the right lung. The operation was performed by Dr. Carl P. Jones.

EDISON JUBILEE

Just fifty years ago this month, industrial progress took a great jump ahead. Fifty years ago better and less expensive artificial light was given to this world by a man who has unselfishly given his life to the study of the mysterious power called electricity, in order that the world might profit. This great electrical scientist is Edison.

He invented the electrical globe light in 1879. Before this date there had been in existence what is known as the arc lamp which was invented by Sir Humphrey Davy. This type of light was very expensive and impractical for lighting the home. In 1841 an American scientist by the name of Starr, succeeded in making the first electrical, incadescent light. However, this was impractical. It was not until forty years later that the first successful electrical light was invented. During these forty years two great American master minds, Edison and Swan, unknown to each other, were trying to solve the problem of producing a fine wire of carbon which would glow brilliantly with the heat produced in it when an electric current has passed through it. Edison, using carbonized bamboo for this succeeded first. This light was called carbon filament lamps. These lamps led for more than twenty years. But even yet they were considered a luxury because of the amount of electricity which they consumed. When it was discovered that the carbon filament could be replaced by tungsten wire, the electrical lighting system was revolutionized because the use of tungsten globes was reduced to as much as it did formerly.

Although the electric lights have been greatly improved upon, the honor and the credit of justly goes to Edison. In view of this fact the week of October 14-21 has been set aside as Edison's week. Since this is the fiftieth anniversary of the electric light, this year's celebration will be known as Edison's Golden Light Jubilee.

Many schools are celebrating this week. Nevada City High School is planning on arranging an appropriate program for the occasion. The program will be held on Friday, October 18, and will be taken charge of by the students of the science department. Although as the plans for the program have not been fully made, a sketch is going to be presented along with some instrumental numbers and possibly a few selections by the High School Glee Club.

GRASS VALLEY PERSONALS

Mr. and Mrs. O. H. Fuller have as visitors, Miss Nina Honold and brother, Chris, of Forest.

Will Harris of Sacramento came home over the week end and visited his parents, Mr. and Mrs. T. M. Harris.

Mr and Mrs. E. M. Emrich of the Emrich-Breckenridge ranch on the McCourtney road are spending their vacation in Hollywood.

J. R. Kneebone and son, Milton, spent the week end hunting in the mountains.

Miss Mary Johnson, Courtland High School teacher, spent the week end with her parents, Mr and Mrs. D. D. Johnson

Thomas Casey of Penn Valley was a business visitor in Grass Valley last week.

H D. Perkins, district traffic superintendent, and B. A. Proctor, division traffic supervisor of the Sacramento P. T. and T. office, were recent business visitors.

Mr and Mrs. B J. McCue of Anaconda, Montana, visited in Grass Valley recently with Mr. and Mrs. G. H Shirkey. They will visit Reno and Virginia City before returning home. Mr. McCue is a native of Virginia City.

Mr and Mrs. J. C Tyrrell visited with Mr. andMrs John Rhodes in San Francisco last week end.

Mrs. E. M. Patterson, mother of Mrs. Ward Johnson, will stop over in Phoenix, Arizona, to visit for a short time. She has been visiting relatives in Massachusetts.

The recent dance at Downieville given by the Nevada City Elks netted the fire department there $153.

Only 15 per cent of all the telephones in the world are unconnected with the telephones of the Bell System in the United States.

The telephone service of Denmark is operated by seven private companies, each serving an island territory, with the exception of the Jydsk Company, which operates on the peninsula of Jutland. Submarine cables connecting the islands are owned by the state. Telephonically, Denmark is the best developed country in Europe.

ENJOYS BIRTHDAY

Miss Dorothy Hays recently celebrated her eighth birthday at the home of her grandmother, Mrs. M. G. Calvin, at Camptonville, by a party given in her honor. A number of young friends were called in and the afternoon spent in games and amusements. During the afternoon very suitable refreshments were served, greatly enjoyed by all. The following were present: Anna Lang, Calvin Hays, Dolores Bishop, Thelma Lang, Ida Lou Huddleson, Bendora Huddleson, and Dorothy Hays.

In the United States there is a network of more than 19,500.00 connecting telephones, and the number is increasing at the rate of 800,000 a year.

The first police message over the telephone typewriter system, installed recently at Police Headquarters in Norwalk, Conn., resulted in the apprehension of two New Haven boys who had run away from home.

Gilbert Daives, who is attending the San Jose normal, was a week end visitor here with relatives.

LEGAL NOTICE

The California Debris Commission will hold a public hearing at 11 A. M., October 29, 1929, at the California Debris Commission office, 10th floor of the California Fruit Building, 4th and J Streets, Sacramento, Calif., to receive protests against granting the application of W. J. Duddleson to mine by hydraulic process the Independence mine, located about one-half mile east of La Porte, Plumas County, draining into Wisconsin Ravine, thence into Slate Creek, thence into the North Fork of the Yuba River, and to store tailings behind the Bullards Bar Dam of the Yuba River Power Company, located one mile below Bullards Bar, Yuba County, Calif.

WILLOUGHBY NAMED TO TRAILS '49 COMMITTEE

Sacramento, October —A. A. Willoughby, Nevada City, has been named chairman of the Nevada County Trails of '49 Committee by Hilliard Welch, President. Willoughby plans to use the personnel of the present Historic Landmarks Committee which recently erected the monument near Truckee and also will add a number of others.

The Trails of '49 Committee of the Secramento Region is forming committees in all of the counties embraced by the organization. A striking design for a highway marker has been adopted and soon will be ready for erection.

The Nevada County Committee will designate places on the main highways where directional signs will be erected. The first sign will be placed by the Council before the end of this year.

Leslie Davies, Secretary of the Sacramento Region Citizens Council, in telling of Willoughby's appointment said:

"This committee will perform a very valuable service for Nevada County. There is no county in the State with more historic spots than Nevada County. Yet Nevada County, like all of the other counties, may be traversed by strangers who will never know that they are close to spots rich in romantic history.

"These signs, however, will tell the traveler of the interesting points he is passing. One must not confuse these directional signs, that will be placed on the highways, with the monuments and plaques that different groups have erected or will erect on the scenes of historic spots."

R. L. Egenhoff, of the California Debris Commission is here on official business.

Monarch's Logic

St. Olave, who was a Viking king, once had an ungainly Icelander in his train. One morning the king awoke to see that Thorarin was sleeping with one clumsy foot sticking out. When his comrades concluded their slumbers, Olave told them that he had seen the ugliest foot in all the town. He stated that he was sure there was none uglier.

So sure was the king that he professed himself ready to bet on the question. Thorarin took him up. Then, without more ado, the Icelander stretched out the other foot.

"There, O King," said he, "that foot is every bit as ugly. In fact it is uglier, for one toe is missing."

"You are wrong," replied the king. "The first foot has five ugly toes on it and this has only four. The first is, therefore, uglier."—Detroit News.

MRS. GROH PASSES

Mrs. W. J. Groh of Downieville passed away at Woodland Thursday following an operation. Deceased was a native of Downieville. She spent a couple of days at the E. J. Pollard home last week on her way to Woodland. Funeral services were held at Downieville yesterday afternoon.

Mixed Grill

A woman asked her husband to take a copy of a radio recipe she wanted. Unfortunately, the man got two stations at once, and this is what he copied:

"Hands on hips, place one cup of flour on shoulders, raise knees and depress toes, and mix thoroughly in one-half cupful of milk. Repeat six times. Inhale quickly one-half teaspoonful of baking powder, lower the legs, and mash two boiled eggs in a sieve. Exhale, breathe naturally, and sift into a bowl. Lie flat on the back on the floor, and roll the white of an egg backward and forward until it comes to a boil. In ten minutes remove from the fire, and rub smartly with a rough towel. Breathe naturally, dress in warm flannels, and serve with fish soup."—London Tit-Bits.

Business Reverse

The wayfarer was making an appeal for charity from a well-dressed gentleman.

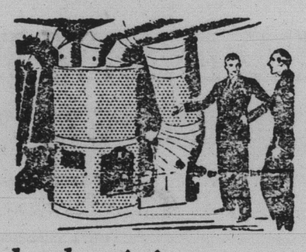
"Well," said the other, "I seem to remember you. Didn't you have a little business of some sort once upon a time? Don't tell me you've taken up begging?"

"Yes, I have, sir," returned the other. "I've got no other way to get along since I lost me business."

"But how did you come to lose it?"

"My business was a one-hand laundry," said the mournful soul, "an' one day my wife just up an' left me."

Enjoy automatic gas-fired heating



"So that's why the air is so warm and fresh!"

Have care-free, comfortable warmth by installing an automatic gas-fired heating system. It costs less. Works like any good system, except it burns gas fuel. Lasts for long years with little servicing. Modern ventilated firebox passes all products of combustion outdoors. Into your rooms flows heat as clean as the warmth from the sun.

There are many types of good gas-fired heating equipment. How can you know which to choose?

The experience of P G and E engineers and their knowledge of all types of gas-fired heating systems qualifies them to judge which is the most adaptable for each home. Their knowledge is for your benefit. For details, phone or call our office. Automatic heating installed for 10% down and terms.

STATE OF CALIFORNIA--DEPARTMENT OF FINANCE--DIVISION OF STATE LANDS

Statement Prepared by the Register of State Lands Pursuant to the Provisions of Chapter 846, Statutes of California, 1929, Showing Amount of Interest Paid on the Balance of the Purch ase Price of the Following Described Lands in Nevada County, Together With Amount of Interest Unpaid and Due January 1, 1929.

Location or Survey No.	Date of Approval	Name and Address of Purchaser	Name and Address of Assignee, Grantee or Successor in Interest	Description	Section	Township	Range	Meridian	No. of Acres	No. and Date of Certificate of Purchase	Amount of Interest Paid	Amount of Interest Unpaid and Due
216 Sac.	Jan. 16, 1871	Benjamin F. Colvin, Cf James G. Matteer, Grass Valley, California		W ½	16	15N	8E	M. D.	320	4037 Apr. 13, 1871	$126.65	$1760.00

Pursuant to the provisions of Chapter 846, Statutes of California of 1929, effective August 14, 1929, I, W. S. Kingsbury, Register of State Lands, do hereby demand that all interest shown to be unpaid and due by the foregoing statement shall be paid in full on or before December thirty-first, A. D. one thousand nine hundred and twenty-nine, to the Treasurer of the above named county, together with the sum of three dollars costs imposed by the provisions of said statute upon the owner or owners of each certificate of purchase listed in said statement, as well as upon each person who may have acquired an interest in all or some portion of the lands in such certificate described, but to whom the certificate has never been surrendered.

And Notice Is Hereby Given, That in the event such delinquent interest, together with such costs, be not paid within the time above limited, a penalty of twenty per cent of the aggregate amount of interest delinquent on December thirty-first, A. D. 1929, will be imposed in each case upon the person or persons liable for the payment thereof.

And Notice Is Hereby Further Given, That, except as otherwise provided in said statute, in the event any portion of such delinquent interest, together with such penalty and costs, and all additional interest falling due January first, A. D. 1930, be not paid on or before the thirtieth day of June, A. D. one thousand nine hundred and thirty, all lands on account of the purchase price of which such delinquency shall then exist are by the provisions of said statute declared to be forfeited to the State of California, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase will thereupon become ipso facto null and void.

And Notice Is Hereby Further Given, That in the event the owner of any such certificate shall have died, without disposing of the lands therein described, and no administration of his estate has been had, the time of payment hereinabove prescribed is by said statute extended for a period of six months: provided, however, that appropriate probate proceedings must be commenced in each case not later than December 31st, 1929, and written notice thereof forwarded by registered mail to the undersigned Register of State Lands, at Sacramento, California.

And Notice Is Hereby Further Given, That any person having a conveyance of the whole or any portion of the land described in any such certificate of purchase, but to whom the certificate has never been surrendered, may protect his lands from such forfeiture, upon making due proof of ownership and paying his pro rata share of the interest delinquent thereon, with costs, as in said statute provided.

And Notice Is Further Given, That said statute extends to and includes all unlisted lieu lands and all unsegregated swamp and overflowed lands sold under the authority of any law of this state and included in the foregoing statement; provided, that all purchasers thereof, their heirs and assigns, who protect themselves against forfeiture by making the payments required by said statute, shall not thereby be deprived of any existing right to receive restitution of all sums paid on account of the purchase price of such lands, whether for principal or interest, upon duly complying with all provisions of law governing such restitution.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Department of Finance, at Sacramento, California, this 1st day of October, A. D. 1929.

W. S. KINGSBURY,
Register of State Lands.
By W. S. Kingsbury, Jr.,
Deputy.

Section 3 of Chapter 846, Statutes of California, 1929.

"Demand is hereby made upon all persons who are or who may become liable for the payment of any interest which is delinquent or which may become delinquent upon any part of the unpaid portion of the purchase price of any of the lands embraced within any of such statements for the payment of all such delinquent interest, together with the costs hereby imposed, on or before the thirty-first day of December, A. D. one thousand nine hundred and twenty-nine; and in the event of the nonpayment of any portion of such delinquent interest, as above provided, a penalty of twenty per cent of the aggregate amount then delinquent is hereby imposed, in each case, upon the person or persons liable for the payment thereof. Except as otherwise provided in sections four, five and six of this act, in the event any portion of such delinquent interest, together with such penalty and costs, and all additional interest falling due on the first day of January, A. D. one thousand nine hundred and thirty, be not paid on or before the thirtieth day of June, A. D. one thousand nine hundred and thirty, all lands on account of the purchase price of which such delinquency shall then exist are hereby declared to be forfeited to the state, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase are hereby declared to be ipso facto null and void from and after such date last mentioned."

CARRS WIN THE FLAG IN EXCITING TOURNEY

In an exciting finish the first bowling tournament on the Elks alleys came to a close Wednesday night with the Percy Carr pin spillers coming out on top of the heap by a two pin margin over the Mobley aggregation. The Curnows by taking two points from the Mobleys on the closing night stepped into third place over the Fortiers who took but one point from the Carrs on Tuesday night.

The series Wednesday night was one to keep the gallery on its toes every minute of the play. The Mobleys took the first by three pins when Dick Goyne rolling anchor for the Curnows missed an easy spare. Dick came back the next game strong with a 173 and put the game on ice. In the final encounter the Mobleys led all the way out but could not overcome the second game lead in totals pins. When the score was finally counted it was found that the Curnows had taken the total pins by but one pin.

The totals compiled by The Nugget and given herewith show some interesting figures. So evenly balanced were the teams that less than 500 pins separated the leaders from the losers. There's but three of the shooters who were able to put over four strikes in a row, Curnow, Fortier and Bell, and none went better than that. There were but fifteen triples made as shown by the tables. Southpaw Hoge stepped out in front in doubles, putting over eleven of the double shooters. In the matter of total marks made in strikes and spares, Mobley stands well toward the front with an average of 6.8 perfect frames per game for the full series. Nickless and Dave Richards showed up for the full series with 5.3 perfect frames per game and Hoge with 4.7. Kopp with 15 games showed up well with 6.2 per game. Inability to make spares has held back a nnumber from better marks. Too many throw away the first ball and try to retrieve with the second one, which sometimes works and more often doesn't.

CAMPTONVILLE JOTTINGS

Announcement was made a few days ago of the re-establishment of a saw mill in the vicinity by William O. Grant, manager of the Oak Valley Lumber Company, whose plant was destroyed by fire less than a month ago. The destruction of the plant left no other source of lumber in this section, and the local mill served this whole part of the state as far north as the Yuba Pass, and the Alleghany mining section as well as shipping surplus lumber to the south and other centers.

Forest Ranger Frank W. Meggers received 3500 young trees Saturday which he will use in rehabilitating the area burned over by the large fire near the Schnellman ranch this season.

State lion hunter Jay Bruce spent considerable time here last week investigating reported California lions, and while he did not find any he did find traces and considers this an excellent lion country and will return later to hunt some of them out. He had with him an assistant and a fine team of dogs used in his work .He is considered one of the best versed men in the state on the forests and the animal habitation thereof, and has to his credit over three hundred of these big cats.

Tuesday ended a very successful deer season, in the neighborhood of fifty fine bucks having been taken from this section. A very safe and sane group of sportsmen, some of them coming from as far south as Los Angeles, spending their annual vacation here, inhabited the local forests this season, there being no accidental shooting or other mishaps ordinarily credited to some section of the state.

Fred H. Butz returned Saturday from Sacramento.

Julius E. Pauly and William B. Meek returned Sunday from Los Angeles, where they attended the Masonic Grand Lodge. Meek was installed as Grand Bible Bearer of the order for the ensuing year.

Louie Marquardt of Mill Creek killed a bear in that vicinity Saturday.

Mr. and Mrs. Bernard Bernstein of San Francisco ,who have been the guests of Mr. and Mrs. Leonard L. Bishop of Oak Valley left Saturday for their home after a weeks visit here.

Mrs. Frank M. Groves and son, William, made a visit in Nevada City Saturday.

Mrs. Kate Hope Livingston left Saturday for Berkeley on a few days visit before attending teachers institute at Sacramento.

Fred J. Joubert and daughter, Miss Lesta H. Joubert, motored to Nevada City Saturday.

William Litchenberger of Brush Creek Mine passed through town Saturday.

James L. Joubert left Saturday for Sacramento where he will spend a week visiting with Mr. and Mrs. Earl L. Cleveland and John F. Lord

Louie Marquardt and Mrs. Dave Humphrey motored to Marysville Monday.

Miss Doris Nightengale left Tuesday for Sacramento to attend the teachers institute.

Clarence Turner, C. W. Turner, and Lawrence Turner retuned Sunday fom Browns Valley after taking their cattle down for the winter.

Mrs. William B. Meek returned Monday after spending three weeks visiting at the Joubert home at Oak Valley.

Mr. and Mrs. T. W. Michell of Sacramento spent the week end in Grass Valley.

Miss Edith Scott took her departure for Los Angeles where she take a position and make her future home.

STABILITY

YOUR BANK lies at the foundation of your own financial structure Its stability will rightly be your first consideration. No other quality of your bank is so essential to individual and community welfare.

The stability of the Bank of America is a matter of sound principles, not of physical assets alone It rests on rigid self imposed restrictions, on unwavering conservatism, on profound knowledge growing out of experience of three score years

Resources of more than 400 millions are the tangible evidence of this bank s stability of its staunch strength in the face of every circumstance. These resources, fortified by policies of the utmost soundness, form a bulwark in which more than half a million Californians repose their confidence.

We believe you will have a decided preference for an institution such as this where stability is welded into friendly and progressive banking procedure.
